SUMMARY

Student of computer science. Aspiring technology professional ready to contribute to creative projects and foster professional growth in a fast-paced tech company by putting academic knowledge and skills to use.

PROJECTS

Citizen Complaint Raise (Flutter & Firebase) :
- Built an application for citizens to raise complaints, utilizing Flutter for the front end and Firebase for backend support and data storage.

MernGPT (MongoDB) (ExpressJS) (NodeJS) (React) :
- A chatbot application utilizing MERN and open APIs, enabling seamless interaction and intelligent responses for enhanced user engagement and experience

Flutter chatbot using Gemini API :
- Built a chatbot app using Flutter, Dart, and the Gemini API.
- Enabled text, voice, and image inputs with multimodal responses.
- Integrated API for seamless user interactions.

Python -- QR Code Generator :
- Developed a QR code generator using HTML, CSS, and Python.
- Deployed the application on Netlify for easy access and sharing.

Mini Projects :
- Further projects include a WhatsApp UI/UX,Todolist built with Flutter & Firebase and UserLogin Authentication in a Flutter app, integrated with Firebase for secure backend management.

TECHNICAL SKILLS

- **Programming languages: Java, C, Javascript, Dart**
- **DBMS-MySQL,Firebase**
- **Angular, Flutter, HTML, CSS, JS**
- **Designing in Figma**

CO-CURRICULAR & ACHIEVEMENTS

- **Employability Skills Development Training Programme (TITAN LEAP) - 2024.**
- **Finalist in Socio-Tech Hackathon. - 2024**
- **Finalist National Level Hackathon (Hacktopia) – 2023**

EDUCATION

Bachelor of computer science   **2021 - 2025**

Prince DR K Vasudevan College of Engineering and Technology
CGPA - 7.5 (upto 5th sem)

School - Sri Sankara Vidyalaya Matric Hr Sec School   **Completed in 2021**

Higher Secondary Education (State Board) 80.1% (2020-2021)
Secondary School Education (State Board) 64.8% (2018-2019)

ADDITIONAL INFORMATION

- **Expertise** : Project Management, Critical thinking, Communication skills
- **Languages** : English, Tamil, Telugu
- **Certifications** : Programming in Java - (NPTEL) Responsive web design , JavaScript - (FreecodeCamp) Flutter for beginners --(Great Learning)
- **Internship** : ThinkCove(Full Stack Developer - 1 Month of period in 2023)
  ThinkCove(Mobile App Developer - 2 Month of period in 2024)
